

## SAVE THE DATE Washington DC 2018

Your calls, emails, and visits have made a difference! We're seeing significant progress on banking industry priorities – including regulatory reform. But there's more work to be done – like helping new regulatory leaders recalibrate banking rules and advocating for reform of our nation's housing finance system. **So help us keep the conversation going. Join us in Washington in 2018!**

### ICBA Capital Summit

Partnering with the Independent Community Bankers of America, the Summit will gather community bankers together in one place. This event focuses specifically on community banking priorities. Those attending from NH will have the opportunity to visit Capitol Hill and meet with members of the NH Congressional delegation in a smaller setting. The event will include presentations by key lawmakers, regulatory heads, and leaders on community banking issues.

### ABA Government Relations Summit

Held in cooperation with the American Bankers Association, this event brings together bankers from across the country. This includes a day on Capitol Hill where NH bankers will meet one-on-one with members of the NH Congressional delegation. The Summit includes top regulators, key lawmakers, and other key banking leaders. Participants may be interested in attending the Mutual Bank Conference, Emerging Leaders Forum, of the Women in Banking Conference held before and after the Summit.

### NH's Emerging Leaders Summit

Back by popular demand, we will provide another unique opportunity for NH's emerging leaders in our Nation's Capital. This event will broaden banker knowledge of the role regulation and legislation play in the career of a banker. Participants will have the chance to visit several Federal banking agencies, the national banking trades associations, and interact one-on-one with policymakers from NH. This is a highly interactive experience, perfect for those looking to expand their understanding of banking and the role of advocacy.

### Northern New England: Fall Washington Visit

Bringing together bankers from Maine, New Hampshire, and Vermont to weigh-in with Federal banking regulators and lawmakers. The primary focus of this trip is engaging with top officials at the FDIC, CFPB, Treasury, and Federal Reserve. Bankers will engage with those overseeing the drafting and supervision of rules impacting the industry. While bankers from the region join together, meetings to Capitol Hill are broken down by State. Participants have the opportunity to further relationships in the region, while still engaging with bankers from the Granite State.

Now is the time to plan - information on registration to come. There is no registration fee to attend these events. These opportunities are open to bankers at all levels within the bank.

✓ April 8-11

✓ April 23-25

✓ June 4-5

✓ October 1-2
